

Experts on Demand Fact Sheet

What is it?

A flexible workforce solution tailored for maritime and shipping organisations needing short-to-mid-term, specialist support, without the fixed costs or commitment of a full-time hire. Whether it's to fill a critical gap, deliver a project, or bring in outside expertise, "Experts on Demand" gives you access to pre-vetted, sector-specific professionals on a fractional, interim, or project basis.

What types of expertise are available?

We cover a wide range of maritime-focused domains, including: AI & Digital Transformation, ESG & Sustainability, Finance & Commercial, HR & Crewing, IT & Cyber Security, Leadership & Change Management, Marketing & Communications, Procurement & Supply Chain, Projects & Strategy, Regulatory & Compliance and Technical & Marine Engineering.

Key Benefits

- Immediate access to rare skillsets
- Flexible, scalable, and cost-efficient
- No long-term commitment
- Maritime specialists only, no generalists (unless you need one)
- Fully managed by us, zero admin burden
- Remote, on-site, or hybrid support

Pricing & Commercial Models

We can offer flexibility based on the size and scope:

- Day/Hourly Rate Contracting
- Monthly Retainers (ideal for longer projects)
- Fixed-Fee Projects (for defined deliverables)
- Optional add-ons: project oversight, time sheets, reporting

Why choose Faststream?

- 100% maritime and shipping sector focus
- Access to global and local experts
- Decades of recruitment experience across disciplines
- Every expert pre-screened for experience, qualifications, and cultural fit
- Ongoing feedback loops with both client and expert
- Clear KPIs and objectives agreed at the outset
- Flexibility of a consultancy, speed of a contractor
- Trusted by maritime employers worldwide

How to get started
